Description:

Caleb Peterson has it all—a great job, plenty of money, and a fine fiancée in former model Paisley Terrell. They're all set to get married just as soon as she signs a prenuptial agreement, but there's just one problem...Paisley doesn't do pre-nups! As war wages and trusts start to crumble, it turns into an all-out battle of the sexes. Paisley's best friend, Trina, tries to convince her to get paid, while Caleb's friends try to prevent him from getting played. With her relationship in jeopardy, Paisley turns to ex-boyfriend Bobby Trumane, who promises to give her everything her heart desires. Paisley soon realizes that what one man won't do, another man will...but is that what she wants?

Does money make the world go around? Having money can take care of you financially, but what about mentally and emotionally? Money can also be the root of all evil, and it can bring problems you could not even imagine. Paisley Terrell is a struggling model who is fed up with men. For a year and a half, Paisley had been supporting Bobby mentally and physically, hoping his long life dream would come true. When she suspects Bobby of cheating, she gets the help of Busted, a reality television show that catches spouses in the act of cheating. Her assumptions about Bobby are true and literally catches him in the act. Tired of broke men, Paisley vows never to put herself in that situation again. Will Paisley find her prince charming? Or will her obsession with getting a man with money cloud her judgment and make her lose an opportunity? Caleb is a successful investment banker. Handsome, financially stable and outgoing, he brings a lot to the table. After a string of bad relationships, Caleb is tired of dealing with gold diggers and having his heart broken. But Caleb has his own issues stemming from his childhood. Sometimes love is found in the strangest places. Will Caleb find the true love he desires, or will he be blind and let it pass him by? Bobby Trumane was not the man he said he was. Bobby's life encompasses lies, deceit, and cheating. When the mis-truths are brought full circle, his aspirations of becoming a sports agent come true. Will Bobby continue to live a dangerous lifestyle, or will he meet his match and be forced to come clean? Dedra is Caleb's secretary, best friend, and confidante who is always by his side during his whirlwind of bad relationships. She's the one who gives it to him straight no chaser. Unbeknownst to Caleb, Dedra is secretly in love with him. When a chance encounter brings those feelings to light, will love conquer all, or will skeletons emerge from the closet? *Men, Money, & Gold Diggers* was an excellent read by JeCaryous Johnson. The book addressed the male and female perspective, and it illustrated the good, bad and the ugly in relationships. Johnson showed that no matter how much money you have, it means nothing if you don't have someone who is down to ride with you and stay true. *Men, Money, & Gold Diggers* provided drama, an interesting storyline, and proved that there is a light at the end of the tunnel...even when you least expect it.
