## Description:

“As gleefully, vividly, hilariously obscene as youd expect. . . Irreverent and hugely entertaining. —NPR From the bestselling author of Fight Club comes a dark and brilliant satire about adolescence, Hell, and the Devil. Madison is the thirteen-year-old daughter of a narcissistic film star and a billionaire. Abandoned at her Swiss boarding school over Christmas, she dies over the holiday, presumably of a marijuana overdose. The last thing she remembers is getting into a town car and falling asleep. Then shes waking up in Hell. Literally. Madison soon finds that she shares a cell with a

motley crew of young sinners: a cheerleader, a jock, a nerd, and a punk rocker, united by their doomed fate, like an afterschool detention for the damned. Together they form an odd coalition and march across the unspeakable landscape of Hell--full of used diapers, dandruff, WiFi blackout spots, evil historical figures, and one horrific call center--to confront the Devil himself.

After seeing so many posts raving about Chuck Palahniuk, I finally decided to give his twisted humor a try. Why did I wait so long? Damned was a fun romp through Hell with Madison, a 13-year-old girl. □This book is a satirical roller-coaster ride, taking on adolescence, religion, the media and just about every other aspect of society. Palahniuk pulled no punches in his descriptions of Madisons parents, and he is equally blunt creating his other characters. □This was the first of his books I have read, but it wont be the last. Now its on to the sequel, Doomed. □My Rating: 4.5/5 stars
